## TECHNICAL SKILLS

---

**Proficient:** JavaScript, Node.js, React/Redux, React Hooks, Git, Express.js, HTML5, CSS3, PostgreSQL

**Knowledgeable:** Google Firebase, Mocha

**Familiar:** Python, Heroku, SQL

## TECHNICAL PROJECTS

---

### Pawgwarts

Software Engineer | [GitHub](#)

March 2022

- Developed a harry-potter themed, dog-training mobile application with a social-media spin. Users can select specific trainings for their dogs with step-by-step instructions on how to properly train them and share their accomplishments via a social media feed, which consist of a weekly challenge to take on
- Effectively worked in a group of 4 developers, alongside a Product Manager and Tech Lead
- Participated in daily stand-ups with weekly code-reviews
- Focused on developing the front-end and back-end of the Social Media, Store, and Account components of the app
- Tech Stack: React Native, Expo, Google Firebase

### NFT Shopper

Software Engineer | [GitHub](#)

March 2022

- Developed an e-commerce site where users can create an account, add specific NFTs to their shopping cart, and checkout
- Productively worked in a group of 4 developers and effectively managed the project using GitHub Project Board
- Reviewed pull requests daily and resolved all merge conflicts
- Tech Stack: PostgreSQL, Express, React/Redux

## EXPERIENCE

---

### FACTSET, New York, NY

Investment Management Senior Consultant

March 2021 – October 2022

Investment Management Consultant

June 2019 – March 2021

- Built, maintained, and supported relationships for over 1,100+ users from top investment institutions in the New York area, constituting over \$10 million in annual revenue for FactSet
- Proactively met with clients 5+ times weekly to identify areas in need of improvement to streamline their workflow by utilizing FactSet solutions, explore new opportunities through strategic projects, and initiate new sales opportunities
- Took on ad-hoc projects weekly that include building and optimizing Excel models, managed back-end processes such as data feeds, and assisted with the industry-leading analytics suite of products to improve efficiency
- Collaborated with Sales, Product Development, and Engineers to create innovative solutions improving client's efficiency
- Awarded America's Above and Beyond Consultant for FY21 Q3 and NY's Consultant of the Month for December 2020
- Served as a mentor for two new hires giving transition sessions, answering questions, assisting on projects while maintaining over 99% client retention and 98% client satisfaction
- Devised a SWOT analysis and a FY20 strategic plan aimed at increasing user engagement, giving bi-weekly progress updates to the team, and catalyzed an increase in overall activity by 52% by fiscal year end

## EDUCATION

---

### FULLSTACK ACADEMY, New York, NY

April 2022
